## CLIENT TESTIMONIAL

**"I had the pleasure of working with Mike Shannon since the mid 2000's( Monster Edge, LLC dba Curatur Media Group) for several media/ marketing campaigns, and I couldn't be happier with the results. From start to finish, he has always demonstrated expertise, creativity, and dedication to our brand clients. For years Mike was a major contributor in moving the digital out of home space forward using interactive technology.**

**I entrusted Mike and his team to execute one of the largest 3-D mapping building projection campaigns for our global technology client. Simultaneously launched in 8 markets across the country for both mother's day and father's day. It is still one of the largest campaigns of its' kind.**

**Mike always takes the time to understand our target audience, industry, and unique selling points, resulting in a campaign that resonated with our customers and exceeded our goals.**
